About the SAGERSTRONG Foundation

The SAGERSTRONG Foundation was founded in **2016** by former Hall of Fame and two-time Emmy Award Sports Reporter Craig Sager and his wife Stacy, to fund and support blood cancer research and trials, so that one day, leukemia patients and their families will not have to go through the battle they endured. The Foundation has raised over 2.4 million dollars to help fund **blood cancer research**, including two clinical trials at MD Anderson Cancer Center in Houston. These important trials support Dr. Naveen Pemmaraju's (Craig's doctor) research with current Myelofibrosis patients and patients with Advanced Myeloproliferative Neoplasms. For more information on these trials, research, the #SagerStrong Foundation and events, or to make a donation to support this important work, please visit sagerstrongfoundation.org .
